A Few Words to Shoe Buyers

When we added Men's and Boys' Shoes to our business some years since we pursued the same policy that we have carried out for years, viz.: To buy only the products of the best manufacturers in the land. Here you find Hanan, Walkover, Nettleton, Douglas and Barker Brown Shoes, the first four named the very acme of gentlemen's footwear, the last named, Barker Brown, the best work shoe made in the world. Particular care is exercised in our selection of Boys' Shoes. There are two unique features in our shoe business: One, that no shoe house in the State has as many of the best line strictly confined to them, by reason that we sell more than enough of each line to justify this. The other is that we warrant every pair, including shiny leathers, to give reasonable satisfaction. We want to add YOU to our shoe patrons.

BURLEY SOCIETY WINS

Tobacco War is Over—Conces- sions Made to Equity, But Burley People Control Situation

WINCHESTER, Ky., August 10th.—
The war between the Burley Society
and the American Society of Equity
is over, and the two organizations will
work in harmony in pooling the 1909
crop under the control of the Burley
Tobacco Society if the agreement
reached here this afternoon is ratified
by the State and National organiza-
tions of the Society of Equity.

According to the terms of the agree-
ment the Burley Tobacco Society will
pay the American Society of Equity
\$10,000 for its help in pooling the
1909 crop, to be divided equally be-
tween the National and State Unions,
\$5,000 of the sum to be paid October
1st, if the pool is a success, and \$5,-
000 when the 1909 crop is sold, the
whole amount to be chargeable to the
1909 crop.

In all counties where there are Lo-
cal Unions of the American Society of
Equity the Burley Tobacco Society
will pay \$1 to such Union for every
hogshead of tobacco pooled in that
county.

The Burley Tobacco Society agrees
to adopt a by-law fixing a maximum
price for pricing all pooled tobacco.

The Burley Society retains general
control and satisfies the demand for
local county control by the provision
for the prompt distribution of the
money to the grower.

MACHINERY EXHIBITS.

Plenty of Space For Such Displays at Kentucky State Fair.

Applications for space in the machinery department are being received daily at the State Fair offices. The importance and magnitude of exhibits in this department are growing every year. While the same advantages are not offered to exhibitors as are given them by older institutions in the way of machinery halls, there will be plenty of space in one of the most conveniently located parts of the grounds for exhibits of this nature, and every other facility and accommodation will be at their disposal. Among those who have signified their intentions of making displays at the Fair this year are manufacturers of engines, pumps, stock scales, fences, mills, road machines, vehicles, harvesting machines, haying machines, planters, plows, and everything in the way of modern up-to-date machinery and farming utensils. The farmer who would keep abreast of the times, must necessarily be instructed in the use of better methods of farming and the use of improved and labor saving machinery on the farm, and can find no stronger object lesson than at an exhibition of this kind.

LOST DOG

Canine Lives Eighteen Days in an Abandoned Dry Well

Mr. Joseph Larkin lost a dog some time since and found it in an abandoned dry well, after being in it for eighteen days, actual count, as they began looking for it when it failed to come home.

It was discovered by a boy while looking for rabbits, having fallen in the well presumably while hunting after these animals, grass having grown up close around it, almost hiding the opening.

When the owner put a ladder down, the dog climbed up several rounds without any help. It was found that the animal had worn its toe nails nearly away in jumping against the sides of the well.

It showed great joy at getting out and seeing its master, and had to be fed very sparingly at first.

Philip McMillan Found in a Serious Condition in West Second Street Last Night

The citizens of West Second street in the vicinity of the First M. E. Church, South, were aroused from their slumbers last night between 11 and 12 o'clock by a turmoil and loud cries for help coming from the mouth of the alley adjoining Jake Caproni's store and residence.

When officers arrived on the scene Philip McMillan was found lying on the ground crying for help and apparently in a bad condition. He was carried over to Malone's livery stable, where he was attended by two physicians. He continued to have convulsions until 5 o'clock this morning, when he was removed to his home.

McMillan alleges that he was assaulted by a man named Jenkins, dragged into an alley and his money taken. On further examination this morning it was found that his head was bruised, having the appearance of having been struck with a sand bag.

AT ALL DRUG STORES

The Versailles Sun says: "McKee Brothers have shipped three car loads of potatoes which they sold at from 40 to 50 cents a bushel, f. o. b. Versailles. They are digging their 125 acre crop by machinery. What they have dug so far was in low wet, land and considered the poorest part of the crop, averaging about 100 bushels per acre. They expect a much better yield from their best land."

Will Uncle Sam Add
One More Clause to
His Constitution?

Louisville Herald.

THE NEW AMENDMENT AND ITS PREDECESSORS. The Thirteenth Amendment made the slaves free in 1865.

The Fourteenth Amendment made them citizens of the United States in 1868.

The Fifteenth Amendment made them voters in 1870.

The proposed Sixteenth Amendment provides for the income tax.

After remaining unaltered for thirty-nine years, will the Constitution of the United States take on a new amendment—the sixteenth—during the next six months?

Here is the amendment which Congress has asked all the States to vote upon in their Legislatures:

"That Congress shall have power to lay and collect taxes on incomes, from whatever source derived, without apportionment among the several States, and without regard to any census or enumeration."

Which means, briefly, the income tax.

Alabama, the first on the roll call of Commonwealths, is also the first to take action in favor of the amendment.

Following its ratification by three-fourths of the States it will then be up to Congress to fix the rate. It will most likely be on a graded scale, and levied only on incomes above a certain figure—perhaps \$3,000 or \$5,000. It will be levied on all incomes, no matter how earned.

President Taft will have to pay an income tax on his \$75,000 a year income, as well as on his private revenues.

JUDGE FOR YOURSELF

Which is Better—Try an Experiment or Profit by a Maysville Citizen's Experience.

Something new is an experiment. It must be proved to be as represented. The statement of a manufacturer is not convincing proof of merit. But the endorsement of friends is. Now suppose you had a bad back. A lame, Weak or Aching one. Would you experiment on it? You will read of many so-called cures. Endorsed by strangers from far-away places. It's different when the endorsement comes from home.

Easy to prove local testimony. Home endorsement is the proof that backs every box of Doan's Kidney Pills. Read this case:

J. M. Lloyd, farm r, R. F. D. No. 5, Maysville, Ky., says: "I am only too pleased to tell of my experience with Doan's Kidney Pills and hope that it will be the means of helping some other sufferers from kidney trouble in finding relief. About five years ago my kidneys suddenly became disordered and for several months I was bothered by constant, dull pains across my loins. When I stooped or lifted, sharp twinges shot through my body and caused the most intense suffering. I at length heard of Doan's Kidney Pills, procured a box at J. J. Wood & Son's Drugstore and began using them. They effected a complete cure, and since then I have not had backache or any other symptom of kidney trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

RIVER IMPROVEMENT

Rivers and Harbors Bill to Pass Congress and Ohio to Rival Hudson River

Within the course of a few years it is expected that the Ohio will have been so improved as to take rank with the Hudson in New York, a river that never failed to bear her just burden of commerce, except for a few days in winter, when it makes no pretensions of doing business.

From all indications the River and Harbor Bill will pass Congress with a large appropriation for the improvement of the Ohio, the aim being to secure a nine foot stage the year around, or during open navigation, hereby increasing the wealth of farmers, steamboat owners, merchants, mechanics, producers and shippers generally creating new industries by reason of increased means for shipping products and opening new doors of commerce and trade, and behind which wealth and progress are waiting cultivation from the outside world.
